Bamberville Ga Jany 2-25.

Dear Mr. Collier,

Please pardon my delay in answering your note but I had hoped to see you personally in order to talk over the matter in question.

During the Civil War, Mrs. Dinnie J. Griffin; Mrs. Parks of Newnan, who was a Miss Hardeman; and Mrs. Smith of South Georgia all visited Grandmother Dunn at my father's home. These relatives of my grandmother spent several days with us at that time but I don't remember much about them other than that. I could not tell where you might find the Dunn descendants you mention, those of Mrs Pike were related to them.

My father's cousin, Hardaway Collier, died with it for several years during the sixties, and taught school in the community. His brother, Jack Collier, remained in Appling County in whose home Cousin Hardaway spent his last days. Not knowing whether you have this particular record I am volunteering the information.

I am sorry not to be able to give you the aid you wish, but I am intensely interested and hope you may succeed in getting all the assistance you need.

With best wishes for the New Year,

I am Most sincerely yours,

M. E. Dunn
